PROFESSIONAL SUMMARY

Product thinker and builder with a track record of identifying real gaps and shipping solutions — independently. Built and launched two live SaaS products (Loggd and Clarifi), a self-published digital guidebook, and a proprietary NYC rental database. Transitioning into Product Management with hands-on experience in product design, Firebase full-stack development, user research, and data architecture. Background in high-volume client operations at American Express and multi-stakeholder coordination in NYC real estate brings strong communication, systems thinking, and customer empathy to every role.

PRODUCTS BUILT

Loggd — Business Journaling SaaS

Founder & Product Builder • loggd.yolandamcleod.com

- Designed, built, and launched a full SaaS journaling app for entrepreneurs to track daily actions, wins, time, and weekly reflections.
- Architected multi-business tracking, Firebase authentication, Firestore cloud sync, collaboration features, and offline mode.
- Owned the full product lifecycle: problem definition, UX design, development, branding, and deployment.

Clarifi — Financial Clarity App

Founder & Product Builder • clarifi.yolandamcleod.com

- Built a real-time personal finance dashboard giving users a snapshot of cards, income, bills, subscriptions, and upcoming payments.
- Designed the full brand identity (Berry Bright palette), login system, Firestore data architecture, and production security rules.
- Shipped with zero external funding — from concept to live product independently.

NYC Luxury Rental Intelligence Database

Creator • Excel / Data Architecture

- Built a searchable Excel database of 4,000+ data points across 3 datasets to solve a gap in NYC's fragmented luxury rental market.
- Enabled faster client matching and eliminated blind outreach — a self-initiated solution to a real operational problem.

Design Your Dream Life — Digital Guidebook

Author & Publisher • Published 2023 on Gumroad

- Self-published a guided vision journal covering core values, life design, and mindset work — sold independently online.
-

PROFESSIONAL EXPERIENCE

Platinum Customer Care Professional

Oct 2025 – Present

American Express • Sunrise, FL

- Handle 60–65 inbound calls daily from premium cardmembers, resolving billing inquiries, disputes, and escalated issues with consistent empathy and professionalism.
- Participate weekly in self-evaluation sessions with a coach, reviewing recorded calls against a quality model to identify improvements and set targeted goals.

- Conduct peer call reviews for 5–10 colleagues weekly, identifying coaching opportunities and delivering structured performance feedback.
- Maintain audit-ready case documentation across all member interactions in compliance with American Express quality and regulatory standards.
